## LOCAL NEWS.

### Circuit Court this week.

Use Aromalt, the great health drink. "Uncle" Joe Bass is having the fence in front of his home painted.

Mr. Hearst, of De Soto, is running the Potosi branch engine during Billy Woods' absence.

Dr. W. R. Goodykootz, of Caledonia, Democratic candidate for State Senator, was in Potosi on Wednesday.

S. Moore, representing the Fink-Nasse Grocery Co., of St. Louis, was in town the first of the week, interviewing merchants.

John W. Boyd, of St. Louis, came down Friday evening on a visit to his Indian Creek farm, and is now spending a few days in Potosi.

Rev. A. J. Cheatham, the new Presbyterian minister, preached to a large and attentive congregation last Sunday, both in the morning and evening.

We learn that a couple of the young bloods of Richwoods got into a difficulty with the colored people of that vicinity, last Sunday, in which the colored people came off victorious.

L. C. Hall, formerly of this place, but now a theological student at Vanderbilt University, at Nashville, Tenn., is in town, renewing old friendships. Mr. Hall preached at the M. E. Church Sunday evening.

We hear it rumored that Mr. L. Miller, the architect and builder, in all probability, will erect a few handsome tenant cottages, and it is further whispered that we may have another mill. Let the good work go on.

W. W. Turner, of Cub Creek, called at this office last Monday. Mr. T. informs us that he will soon engage in a general merchandise business at the above place. We wish him success in his new undertaking.

The citizens and business men of Potosi deserve much credit for the liberal premiums offered at the Blue Ribbon Fair, to be held on August 31, on the race course of J. C. Smith, near Caledonia. Let the good blue blood wear the laurels!

We would like to mention the names of all our subscribers who have called upon us and paid their subscriptions, but as they are too numerous, we shall have to omit them. However, we hereby return our grateful acknowledgments to all.

Messrs. Huff and Meyers recently delivered to the smelting furnace of Mr. James Long, 18,915 pounds of material, the result of about ten days labor near Shaft Diggings. Messrs. Wallack and McGregor also have a shaft in these diggings yielding about 1,000 pounds per day.

Although a heavy rain fell nearly all day Saturday, the picnic and barbecue at Martin's store, in Liberty township, was well attended, and was also a financial success. A large number of Potosians went out to help swell the crowd. The candidates of both parties took advantage of the occasion to do some electioneering.

A team of horses hitched to a spring wagon, belonging to Ed Dickey the Belgrade mail carrier, took fright while at the depot Monday morning, and ran away. They proceeded down the street leading from the depot until they reached High street, where they ran into the fence in front of Mrs. Watkins' residence. Two panels of the fence were torn down, but the horses and wagon escaped injury.

Last week, in the rush to get out our flat issue, we neglected to call the attention of our readers to our advertisements. The business men who have patronized our advertising columns are all public spirited men and have shown themselves to be interested in our enterprise. They believe in the free use of printer's ink as a method of informing the public that they are alive and doing business at the old stand. They deserve the patronage of the people.

## Local Personal.

Mrs. John Flynn, of Richwoods, and her daughter, Mrs. Wm. Murray, of St. Louis, visited relatives at this place during the past week.

Miss Anna Harris, of St. Louis, arrived Friday evening, on a visit to her many Potosi friends.

Mrs. Tymian James, of De Soto, is visiting the family of A. F. Casey.

Ex-Lt. Saunders spent Saturday and Sunday with his family at this place.

Rev. John Headlee and wife, of Caledonia, were in Potosi the latter part of last week, on a visit to their son, County Clerk Headlee.

Mrs. Wm. Lorenz returned to her home in Farmington last Saturday. She was accompanied by her niece, Miss Mamie Wallace.

Mrs. J. S. Hutchinson, has returned to Potosi, after an extended eastern tour of several weeks. She will remain here for some time before returning to her home in Shreveport, La.

Mrs. Laura Ray, of Corning, Ark., and Mrs. Alex. Ray, of Poplar Bluff, are visiting Mrs. Kidd, at this place.

Miss Mary Brooks, who has been spending the past few weeks visiting friends and relatives elsewhere, returned home last Monday.

Aromalt aids digestion and purifies the blood. Once tried, always used.

That the town of Potosi is at present enjoying a building boom is fully evident to any one who will take the trouble to walk over the town and observe the number of new buildings that have recently been built and others that are in the process of construction. For the last three or four years there has been a great demand for dwelling houses in Potosi, and, notwithstanding the fact that a number of new houses have been built, the demand for dwellings is as great as ever, and capital could not be more safely invested than in Potosi realty.

Potosi is every year becoming more and more a residence city, and our citizens should wake up to the fact that it would be to their advantage to make the town as attractive as possible to strangers. Our present town board is public spirited and enterprising, and has already made many improvements in public works, still there is a great deal more to be done, and our citizens should co-operate with the board in bringing about further improvements in our streets and sidewalks.

One great drawback to the progress of Potosi is the high rate of fire insurance, brought about, no doubt, by a combine of the insurance companies doing business in this locality. To overcome this, and bring about a lower rate of insurance, none but brick buildings should be erected in the business portion of the town. The difference in the cost between brick and frame buildings would be saved in a few years by the saving on insurance. While the fire fighting apparatus which has recently been introduced here affords the town considerable protection against fire, it is not enough to affect the insurance rates.

Within the past three or four years there has been built within the limits of Potosi, a handsome brick school house, with a capacity sufficient for years to come; the finest and most secure jail in this part of the State; an elegant hotel, located right in the heart of town; a substantial bank building, containing a large and absolutely fire-proof vault for storing valuables; four fine handsome residences, besides a number of smaller improvements.

The purest, most healthful, nutritious drink for table use is Aromalt. For sale by Joseph Connolly.

## CORRESPONDENCE COLUMN.

### Bates Creek.

Aug. 27, 1894.

Farmers in our burg are getting ready to sow wheat.

Mr. J. P. Patterson and wife spent last Sunday in Richwoods, visiting their daughter, Mrs. Sparks.

Miss Alice Lore, who is teaching our school, is having good success.

Mrs. Jentry, of Montgomery City, is visiting her daughter, Mrs. Maud Patterson, of this place.

"Not."

### Caledonia.

Aug. 27, 1894.

Well pleased with the JOURNAL, and wish it success.

The school will commence in Caledonia on the 3d of September. Hope we will have a good school, but the prospect is not very good at present.

We see some good work has been done on the road leading south from Caledonia. We hope the good work will go on, for we want a good road to town even if they do move the school from our little burg.

W. G. Howard dug a well on his Caledonia property, and struck a fine vein of water at a depth of fifteen feet, where the other wells around him have a depth of sixty feet. He is one of the lucky ones.

We have some fine fields of corn in our valley, and splendid sorghum cane. Expect to sweeten up on molasses hereafter, for it is good-bye free sugar.

### Hopewell.

August 27, 1894.

Quite a heavy rain here on Friday night, last.

Miss Alice Edgar returned home from Herculaneum, Mo., after a pleasant visit of four weeks.

E. M. McComber has his new house almost completed.

In last week's issue the Weekly Independent we noticed some items from Hopewell signed "Democrat," who claims that if the Republicans succeed in electing the Presiding Judge and one Associate Judge of the County Court it will mean that the thirty-two road overseers are all to be Republicans, and that they will have the handling of \$3,333.18 in cash and \$4,400 in bond, making a total of \$7,733.18, annually; that this alone would cause the most stupid Democrat to understand the reason for so vigorous a fight upon the County Court.

If our friend and neighbor thinks that we are not honest and cannot handle the county's money, he is very much mistaken, and we would kindly ask him to look back over the track of his own party and see if they have done the square thing all the way around. As for the election of the County Court, we will state that if our vote will elect the entire ticket it will be elected, for we are certain to get that way. "Democrat" is evidently getting scared, or he would not be whistling so loudly as he approaches the graveyard.

Mr. J. J. Mallow, who has been working on the mill at this place, has gone to St. Louis, to be away for two weeks. He will do some work for his cousin, Mr. Billmeyer.

### "CLIFFORD."
